DID YOU KNOW?

- Brink cooperates with almost all major car manufacturers & develops customized tow bars for every single one!
- Brink annually produces around one million tow bars!
- Brink tow bars meet all the quality standards you can find!
- The use of detachable tow bars has increased significantly in recent years!
- Brink has opened its own new test centre in 2010, where tests can be done in accordance with the latest and most stringent standards!

FIXED TOWBAR

We have developed a fixed towbar for almost any make and model of car

SAFETY

- Complies with EU safety regulations
- Accommodates manufacturers towing weight recommendations
- Always on security

INNOVATION

- Detachable
- Sleeve is easy to reach
- Ball is easy to position
- Available in seconds

EASE OF USE

- Maintenance-free
- Storage bag for the ball
- Visible instructions for operation
- Ergonomic dial for detachment

SAFETY

- Anti-theft lock
- Same strength as a fixed towbar
- Audible & visible locking
- Maximum pull weight

DETACHABLE TOWBAR

DIAGONAL DETACHABLE TOWBAR (BMA)

Are you looking for a detachable towbar that excels in **user-friendliness**? You will find the diagonal detachable towbar is the solution. In no other detachable system is it as easy and effortless to unlock and lock the ball.

VERTICAL DETACHABLE TOWBAR (BMU)

Are you looking for a **detachable towbar** for your car? Then the Brink vertical detachable towbar is the perfect solution. You can take out the ball and store it in the boot. With most towbars you can also fold away the socket plate behind the bumper.

Rhino Products are Europe's leading manufacturers & suppliers of roof racks, bars & accessories for the commercial vehicle market.

With over 15 years' experience in manufacturing & producing commercial vehicle accessories, Rhino can confidently claim to deliver exactly what the end user is looking for to make their job easier. Rhino meets the global demand for products by utilising both the local & global supply chain to procure the best components to meet their specifications for building the toughest of products and meet the demands of the professional trades person.
